INDEPENDENT AUDITORS' REPORT

Board of Trustees
Harbor Police Retirement System

We have audited the accompanying statement of plan net assets of the Harbor Police Retirement System (the Plan), as of June 30, 2010 and the related statement of changes in plan net assets for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of the Plan as of June 30, 2009, were audited by other auditors whose report dated December 14, 2009, expressed an unqualified opinion on those statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements present fairly, in all material respects, information regarding the Plan's net assets as of June 30, 2010, and the changes therein for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis on pages 3 through 6 and the required supplementary plan information on pages 17 and 18 are not required parts of the basic financial statements, but are *supplementary information required by the Governmental Accounting Standards Board*. This supplementary information is the responsibility of the Plan's management. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit such information and we do not express an opinion on it.

In accordance with *Government Auditing Standards*, we have also issued a report dated May 11, 2011 on our consideration of the Plan's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

**HARBOR POLICE RETIREMENT SYSTEM
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2010 AND 2009**

This discussion of the Harbor Police Retirement System (the Plan) financial performance provides an overview of the Plan's financial activities for the Fiscal Years ended June 30, 2010 and 2009. Please read it in conjunction with the Plan's financial statements, which follow this section.

2010 FINANCIAL HIGHLIGHTS

- Net assets held in trust for pension benefits decreased by \$153,132 as a result of this year's operations from \$10,017,003 to \$9,863,871.
- Additions for the year were \$777,681, which was comprised of contributions of \$334,624, including fines of \$7,368, and net investment income of \$443,057.
- Deductions for the year were \$930,813, which was comprised of benefit payments of \$804,967 and administrative expenses of \$125,846.

2009 FINANCIAL HIGHLIGHTS

- Net assets held in trust for pension benefits decreased by \$3,280,449 as a result of that year's operations from \$13,297,452 to \$10,017,003.
- Reductions for the year were \$2,327,502, which were comprised of contributions of \$346,008, including fines of \$26,342, less net investment loss of \$2,673,510.
- Deductions for the year were \$952,947, which were comprised of benefit payments and refunds of \$831,610 and administrative expenses of \$121,337.

THE STATEMENTS OF PLAN NET ASSETS AND THE STATEMENTS OF CHANGES IN PLAN NET ASSETS

This annual report consists of two financial statements: The Statements of Plan Net Assets and the Statements of Changes in Plan Net Assets. These financial statements report information about the Plan and about its activities to aid in the assessment of whether the Plan, as a whole, has improved or declined as a result of the year's activities. The financial statements were prepared using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized in the period they are earned and expenses are recorded in the year they are incurred, regardless of when cash is received or paid.

The Statements of Plan Net Assets shows the balances in all of the assets and liabilities of the Plan at the end of the fiscal year. The difference between assets and liabilities represents the Plan's net assets. Over time, increases or decreases in the Plan's net assets provide one indication of whether the financial health of the Plan is improving or declining. The Statements of Changes in Plan Net Assets shows the results of financial operations for the year. The statements provide an explanation for the change in the Plan's net assets since the prior year. These two statements should be reviewed along with the information contained in the financial footnotes, including the required supplementary schedules, to determine whether the Plan is becoming financially stronger or weaker.

FINANCIAL ANALYSIS

2010 STATEMENTS OF PLAN NET ASSETS

The Plan's assets consisted mainly of investments and receivables related to contributions. Between Fiscal Year 2010 and 2009, total assets decreased by \$141,842 from \$10,031,477 to \$9,889,635 because total additions of \$777,681 were not enough to cover the benefits paid and the administrative expenses incurred for the year.

Liabilities mainly consisted of administrative expenses and have increased from \$14,474 to \$25,764 from Fiscal Year 2009 to 2010.

Net assets held in trust for pension benefits decreased \$153,132 or 1.6%.

2009 STATEMENTS OF PLAN NET ASSETS

The Plan's assets consisted mainly of investments and receivables related to contributions. Between Fiscal Year 2009 and 2008, total assets decreased by \$3,291,236 from \$13,322,713 to \$10,031,477 because the market value of the plan investments in equity securities, fixed income and limited partnerships decreased.

Liabilities mainly consisted of administrative expenses and decreased from \$25,261 to \$14,474 from Fiscal Year 2008 to 2009.

Net assets held in trust for pension benefits decreased \$3,280,449 or 24.7% primarily due to a decrease in investments returns.

2010 STATEMENTS OF CHANGES IN PLAN NET ASSETS

ADDITIONS TO PLAN ASSETS

	2010	2009	Increase (Decrease)
Contributions	\$ 334,624	\$ 346,008	\$ (11,384)
Investment income (loss)	443,057	(2,673,510)	3,116,567
Totals	<u>\$ 777,681</u>	<u>\$ (2,327,502)</u>	<u>\$ 3,105,183</u>

Additions consisted of contributions from the Board of Commissioners of the Port of New Orleans (sponsoring entity), contributions from Harbor Police active members, fines, and investment income. Contributions decreased due to a decrease in contributions in two employees who were on active duty military service during fiscal year 2010. Investment income increased mainly due to favorable market conditions.

Totals	<u>\$ 952,947</u>	<u>\$ 943,111</u>	<u>\$ 9,836</u>

Deductions consisted of pension and death benefit payments to retirees and beneficiaries, refunds of contribution and administrative expenses. Benefits paid increased by .18% primarily due to a full year of payments in 2009 for two DROP employees offset by the death of one survivor. Refunds and adjustments decreased by \$26,500 due to a decrease in active employee turnover 2009. Administrative expenses increased 40.4% because of additional consulting fees, audit fees, and trustee expenditures incurred during 2009. In addition, on April 9, 2008, the Harbor Police entered into an agreement with Zenith Administrators to provide certain administrative services for the operation of the Plan.

RETIREMENT SYSTEM AS A WHOLE

The Plan uses the aggregate actuarial cost method whereby the actuarial liability is equal to the actuarial value of assets and there is no unfunded actuarial accrued liability. The Retirement Committees of the Louisiana State Legislature have adopted the ratio of the actuarial value of assets to the Projected Benefit Obligation (PBO) as one of the measures of funding progress of public retirement systems in the State. The PBO is the actuarial accrued liability under the Projected Unit Credit Actuarial Cost Method. The funded ratio on this basis is 73.8% for 2010 and 79.2% for 2009.

THE PLAN FINANCIAL MANAGEMENT

The financial report is designed to provide our members, customers and other interested parties with a general overview of the Plan's finances and to show the Plan's accountability for the money it receives. HARBOR POLICE RETIREMENT SYSTEM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010 AND 2009

NOTE A - DESCRIPTION OF THE PLAN

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Reporting Entity

The Harbor Police Retirement System is a public corporation created to administer a retirement plan (the Plan) for participating commissioned members of the Harbor Police Department of the Board of Commissioners Port of New Orleans (the Police Department). The Plan is administered by an eight member Board of Trustees. The Plan was created by Act 80 of 1971, as amended by various subsequent Acts, of the Louisiana Legislature (the Act).

Plan Administrator

The Board of Trustees has engaged third parties to provide actuarial services, consulting services, investment services, and to assist with certain administrative functions of the Plan.

General

The Plan is a single-employer defined benefit, contributory plan that covers all commissioned officers and certain employees of the Police Department who were under the age of 50 on the date of employment.

Membership

At June 30, the membership of the Plan consisted of:

	<u>2010</u>	<u>2009</u>
Active members	36	36
Inactive members:		
Retirees	29	29
Working after DROP	1	1
DROP	3	5
Beneficiaries	5	7
Pending refunds	<u>24</u>	<u>17</u>
	62	59
Total	<u>98</u>	<u>95</u>

**HARBOR POLICE RETIREMENT SYSTEM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010 AND 2009**

NOTE A - DESCRIPTION OF THE PLAN, continued

Benefits

The Plan, as amended, allows for members to retire at age 60 with 10 years of service, at age 55 with 12 years of service, at age 45 with 20 years of service, and at any age with 25 years of service.

Member benefits are equal to 3⅓% of average final compensation, as defined, multiplied by creditable service years, not to exceed 100% of final salary. The Plan also provides benefits for surviving spouses and disabled members. If a member resigns from the Police Department before retirement, accumulated employee contributions are refunded to the employee without interest.

The Plan provides for a retirement option designated as the Deferred Retirement Option Plan (DROP). This option permits Plan members to continue working at their jobs and draw regular salary for the lesser of five years or the number of years which, when added to the number of years of creditable service equals thirty-two. Effective July 1, 2008, this option permits Plan members to continue working at their jobs and draw regular salary for the lesser of five years or the number of years which, when added to the number of years of creditable service equals thirty-five. While in DROP neither employee nor employer contributions are paid into the plan. The retirement benefits that would be payable to the retiree are allowed to accumulate in a special account for later distribution. Interest is not paid on the account but if the member meets his contractual obligation of retiring at the end of the DROP period then he receives an amount compounded in a manner like interest that is based on a percentage rate set annually by the Board of Trustees. At the end of the DROP period, the member can receive a lump payment of the DROP account, a life annuity or other method approved by the Board of Trustees.

The Board of Trustees is authorized, under certain conditions, to provide annual cost-of-living increases. The cost-of-living adjustments may not exceed 3% of the current benefit (5% of the current benefit for age 65 or older). No cost-of-living adjustment was made in 2010 or 2009. An action of the Board of Trustees with respect to cost-of-living adjustments as provided in R.S. 11:3685(D), employee contributions as provided in R.S. 11:154, and actuarial assumptions as provided in R.S. 11:3688(D), are considered amendments to the provisions of the Plan. Other amendments would require the Louisiana Legislature to revise the statutes. No amendment to the plan can deprive any member of a benefit to which he is already entitled.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Revenues are recognized in the accounting period in which they are earned and expenses are recognized in the period incurred. Investment purchases and sales are recorded as of their trade date. Employer and member contributions are recorded in the period the related salaries are earned. Administrative expenses are funded from investment earnings. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan.

**HARBOR POLICE RETIREMENT SYSTEM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010 AND 2009**

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Method Used to Value Investments

Investments, including limited partnerships, are reported at fair value when published prices are available or at cost when it approximates fair value. Investments that do not have an established market are reported at estimated fair value. The fair value of the limited partnerships is determined based on the underlying net assets of the private investment companies which are primarily readily marketable securities. A portion of the underlying investments are non-marketable securities whose fair values have been estimated by the managements of the underlying funds. Each of the limited partnerships has certain restrictions with respects to rights of withdrawal. The limited partnerships generally require written notification and withdrawals are possible at certain dates, ranging from forty-five days to annually.

Pension plan investments and financial statements are subject to market fluctuations that can rapidly change the fair value on a day-to-day basis. Such market swings can create material changes in unrealized appreciation (depreciation) of investments.

Use of Estimates

The Plan Administrator and custodian have made significant estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of factors related to such assets and liabilities to prepare these financial statements in conformity with accounting principles generally accepted in the United States of America. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded upon distributions.

NOTE C - CASH EQUIVALENTS AND INVESTMENTS

Cash Equivalents

Cash equivalents include \$342,553 and \$343,140 held in Louisiana Asset Management Pool at June 30, 2010 and June 30, 2009.

LAMP is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. Only local government entities having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with Louisiana R.S. 33:2955. Accordingly, LAMP investments are restricted to securities issued, guaranteed, or backed by the U.S. Treasury, the U.S. Government, or one of its agencies, enterprises, or instrumentalities, as well as repurchase agreements collateralized by those securities. The dollar weighted average portfolio maturity of LAMP assets is restricted to not more than 90 days and consists of no securities with a maturity in excess of 397 days.

HARBOR POLICE RETIREMENT SYSTEM
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010 AND 2009

NOTE C - CASH EQUIVALENTS AND INVESTMENTS, continued

LAMP is designed to be highly liquid to give its participants immediate access to their account balances. The investments in LAMP are stated at fair value based on quoted market rates. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pools is the same as the value of the pool shares. LAMP, Inc. is subject to the regulatory oversight of the state treasurer and the board of directors. LAMP is not registered with the SEC as an investment company.

Investments

Investments at June 30, 2010 and 2009 were as follows:

<u>Securities Type</u>	<u>2010</u>	<u>2009</u>
Equity securities	\$ 2,934,130	\$ 2,597,512
Fixed income	2,485,770	2,701,826
Limited partnerships	4,081,891	4,328,366
Total investments	<u>\$ 9,501,791</u>	<u>\$ 9,627,704</u>

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. In general, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The Plan does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

Under the Act, the Board of Trustees has the power to invest and reinvest funds in accordance with the prudent-man rule limitations set forth in subtitle 1, Chapter 4 Part II of Title 11. The Plan has no investment policy that would further limit its investment choices.

Limited Partnerships

In fiscal years 2010 and 2009, the Plan invested in five limited partnerships. Each partnership investment is managed by nonaffiliated independent managers employing various investment strategies. These investments are uninsured and unregistered investments for which the securities are held by the counterparty, or by its trust department or agent, but not in the Plan's name.

Total Limited Partnerships	<u>\$ 3,341,782</u>	<u>\$ 4,081,891</u>	<u>\$ 740,109</u>

Following is a brief description of the partnership investments as of June 30, 2010.

- **Golden Tree High Value Yield Fund Offshore, L.P.** – (Approximate ownership is 1.2%) is an exempted limited partnership organized under the laws of the Cayman Islands which commenced operations on November 5, 2001. The Partnership's principal objective is to achieve, risk-adjusted total returns by investing on a long only basis in primarily public and private non-investment grade and non-rated debt securities. Golden Tree High Yield Value Offshore GP, Ltd. is the General Partner responsible for the management and operation of the Partnership. Golden Tree Asset Management, LP is the management company that provides administrative services to the Partnership and is the investment manager of the fund.
- **Ironwood Capital Partners, L.P.** – (Approximate ownership is 1.6%) is a Delaware limited partnership, which commenced operations on July 1, 2000. The Partnership's objective is to achieve substantial capital appreciation with limited variability of returns. The Partnership attempts to accomplish this objective by allocating capital among a number of independent investment managers acting through pooled entities such as limited partnerships, limited liability companies and offshore corporations or through managed accounts. The majority of these managed accounts employ "relative value" and arbitrage strategies whereby they attempt to limit risk by investing both long and short in related securities and other financial instruments in a manner that reduces overall market sensitivity.

Limited Partnerships, continued

- **Emory Partners L.P.** – (Approximate ownership is 1.8%) was organized on April 19, 1995 under the laws of the State of California. The Partnership is engaged primarily in speculative trading of options on futures contracts and futures contracts on financial instruments, physical commodities, and other commodity interests. Stile Partners, LLC, a Delaware limited liability company, is the general partner of the Pool.
- **Americus Real Estate Fund IV, Ltd.** – (Approximate ownership is 3.8%) creates subsidiaries of the Partnership to acquire commercial real estate primarily leased to public tenants. The Partnership's investment objective is to convert existing operating leases held by public tenants into capital leases. The newly created Partnership plans to invest in class A, B & C commercial office buildings and industrial properties valued between \$3 million and \$20 million.
- **Equitas Evergreen Fund, L.P.** – (Approximate ownership is 0.4%) was formed June 18, 2003 as a Delaware Limited Partnership and invests in nonaffiliated limited partnerships employing various strategies, including but not limited to, arbitrage, equity hedge diversified, equity hedge international, equity sector hedge, emerging market and high yield.

Concentration of Credit Risk

Excluding the above partnerships and investments issued or guaranteed by the U.S. Government, the Plan has no investments in any single organization that represents five percent or more of the Plan's net assets, nor does the Plan hold more than five percent of any corporation's stock at June 30, 2010 and 2009.

NOTE D - CONTRIBUTIONS REQUIRED AND CONTRIBUTIONS MADE

Funding of the Plan is provided from contributions from members and the Board of Commissioners Port of New Orleans (the Port), as specified in the Act. Members contribute, by payroll deduction, 7% of defined compensation.

The Port is required to make contributions to the Plan at actuarially determined rates expressed as a percentage of members' defined compensation; however, the maximum contribution by the Port shall not exceed thirteen percent of defined compensation. Level percentages of payroll employer contribution rates are determined using the aggregate actuarial method is used. This method produced required employer contribution levels, including fines, at 60.12% and 43.95% of covered payroll for 2010 and 2009, respectively. Fines were approximately 0.2% and 0.8%, respectively, of covered payroll for fiscal years ending 2010 and 2009. The Port was directly funded at the limited rate of 13% of covered payroll for fiscal years 2010 and 2009.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010 AND 2009**

NOTE E - FUNDED STATUS AND FUNDING PROGRESS

As of June 30, 2010, the most recent actuarial valuation date, the plan was 73.8% funded. The actuarial accrued liability for benefits was \$16.5 million, and the actuarial value of assets was \$12.2 million, resulting in an unfunded actuarial accrued liability (UAAL) of \$4.3 million. The covered payroll (annual payroll of active employees covered by the plan) was \$1.6 million, and the ratio of the UAAL to the covered payroll was 261.9%. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

The schedule of funding progress, presented as required supplementary information (RSI) following the notes to the financial statements, presents current year and two previous years of information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits. Additional multiyear trend information will be presented in future years.

NOTE F - SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date that the financial statements were available to be issued, May 11, 2011, and determined that no events occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

ACTUARIAL METHODS AND ASSUMPTIONS
FOR THE YEAR ENDED JUNE 30, 2010**

The information presented in the required supplementary schedule was determined as part of the actuarial valuations at the dates indicated. Additional information as of the latest actuarial valuation is as follows:

Valuation date	June 30, 2010
Actuarial cost method	Aggregate actuarial cost method, a method which does not identify or separately amortize unfunded actuarial liabilities
Asset valuation method	4-year smoothed market
Actuarial assumptions:	
Investment rate of return	7% per annum
Mortality	Mortality rates were projected based on the 1971 Group Annuity Mortality Table, Male set back five years for females.
Termination, disability and retirement	Termination rates were similar to the experience of other police plans throughout the state. Disability rates were based on the Eleventh-Actuarial Valuation of the Railroad Retirement System. Early retirement rates assumed were 10% for ages 45 to 49, 20% for ages 50 to 62, and 100% for ages 63 and over. Actual retirement of people eligible for retirement prior to the traditional age of 65 are dependent on intangible things such as the economy, health, financial ability, the Social Security System, and work patterns.
Salary growth	5% per year
Cost-of-living adjustments	Accumulated cost-of-living adjustments are included in costs. Adjustments for the next year are projected but future cost-of-living increases which are contingent on satisfaction of statutory requirements and approval by the Board of Trustees are not projected.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Board of Trustees
Harbor Police Retirement System

We have audited the financial statements of the Harbor Police Retirement System (the Plan), as of and for the year ended June 30, 2010, and have issued our report thereon dated May 11, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Plan's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified a certain deficiency in internal control over financial reporting, described in the accompanying schedule of findings and questioned costs as item 2010-1 that we consider to be a significant deficiency in internal control over financial reporting. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Plan's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance, which is required to be reported under *Government Auditing Standards*, described in the accompanying schedule of findings and questioned costs as item 2010-2.

The Plan's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the Plan's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the Board of Trustees, Plan sponsor's management, and the Legislative Auditor of the State of Louisiana and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

**HARBOR POLICE RETIREMENT SYSTEM
SCHEDULE OF FINDINGS AND QUESTIONSED COSTS
FOR THE YEAR ENDED JUNE 30, 2010**

(1) Summary of Auditors' Results

- (a) The type of report issued on the financial statements: unqualified opinion
- (b) Significant deficiencies in internal control disclosed by the audit of the financial statements: yes; Material weaknesses: no
- (c) Noncompliance which is material to the financial statements: no

(2) Findings Related to the Financial Statements Reported in Accordance with Government Auditing Standards

2010-1 INTERNAL CONTROL OVER FINANCIAL REPORTING

Condition: General ledger account reconciliations for some significant accounts or transaction classes were not performed in a timely manner.

Criteria: The definition of internal controls over financial reporting is that policies and procedures exist that pertain to an entity's ability to initiate, record, process, and report financial data consistent with the assertions embodied in the annual financial statements, which, for the Plan, is that financial statements are prepared in accordance with generally accepted accounting principles (GAAP). Our responsibility under current audit standards requires us to communicate this issue to management and the Trustees.

Effect: During the course of our audit procedures, we identified significant adjusting entries to general ledger accounts.

Cause: Clear responsibility for the performance of these reconciliations was not designated to a particular individual.

Auditors' recommendation: All significant general ledger accounts should be reconciled in a timely manner and reviewed by management. This review should be documented.

Management response: Management will work with the third party administrators to correctly identify and prepare adjusting journal entries for accrual based financial statements.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS, CONTINUED
FOR THE YEAR ENDED JUNE 30, 2010**

2010-2 TIMELY SUBMISSION OF REPORT

Condition: Certain aspects of field work were not completed within the time frame prescribed by the Louisiana audit law.

Criteria: LSA-R.S.24.513 states that, "all engagements must be completed and transmitted to the legislative auditor within six months of the close of the auditee fiscal year."

Cause: Additional time was needed to complete the audit due to the ongoing performance audit by the Louisiana Legislative Auditor and in order to resolve related issues with the census data required for the actuarial valuation. Extensions were requested and approved by the Louisiana Legislative Auditor through May 15, 2011

Effect: The Plan is not in compliance with LSA-R.S.24.513.

Auditors' recommendation: The Plan should remain in compliance with reporting requirements.

Management response: Management intends to comply with all submission requirements in future years.

(3) Other Reports

The Plan received an oral fieldwork summary draft report on February 14, 2011 from the Louisiana Legislative Auditor regarding a compliance audit that was conducted. The oral report noted several findings and recommendations which are being addressed by management and the Louisiana Legislature. The final report has not been issued as of the date of this report. The effect of the Louisiana Legislative Auditor's report, if any, on the financial statements cannot be determined at this time.
